Re: SUPPLEMENT

WC Docket No. 19-213, Domestic Section 214 Assignment of Certain Assets of Consolidated Communications of Northern New England Company LLC to Terabyte Holdings, L.L.C.

Dear Secretary Dortch:

At the request of Commission staff, Consolidated Communications of Northern New England Company LLC ("CCNE") clarifies certain information contained in the above-referenced Joint Application.

First, CCNE clarifies that the "June 17, 2019" date contained on Page 6 and in the Sample Customer Notice provided as **Exhibit C** to the Joint Application was merely a placeholder for the date of consummation of the Transaction as originally anticipated by Applicants. The OS/DA Services, including Busy Line Verification and Busy Line Interrupt, currently are and will continue to be available to CCNE's customers until Commission approval for the Transaction is obtained and the Transaction is consummated.

Second, CCNE clarifies that Terabyte currently does not, either directly or indirectly through any affiliates, provide any telecommunications services other than the OS/DA services described in the Joint Application.

Should you have any questions concerning this filing, please do not hesitate to contact the undersigned.

Respectfully submitted,

/s/ Joshua M. Bobeck
